Applicantion for planning

Planning approval typically takes 6–12 months

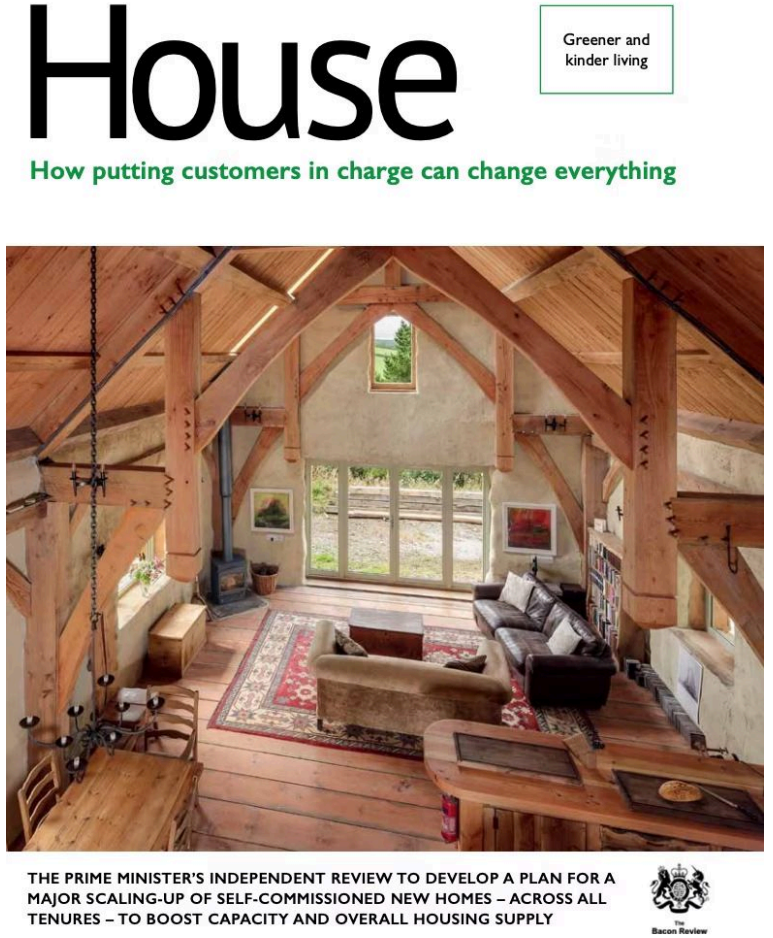

"Building your own home in Britain often requires navigating a system built for experts, not individuals."

NaCSBA Market Report 2024

"In Britain, just 1 in 12 homes are self-built; in Germany and Austria, it’s more than 1 in 2."

NaCSBA Market Report 2024 insight into lack of guidance for self-builders

- Raise awareness
- Greater role for Homes England
- Support community led projects
- Promote greener homes
- Planning reforms
- Iron out tax creases

"Unlocking self-build could help ease rural housing shortages and breathe new life into forgotten places."

CPRE "State of Brownfield" 2022 and DLUHC Green Belt statistics

Imagine if...

1 **Unlock supply of land**

help landowners quickly understand their development options

2

Imagine if...

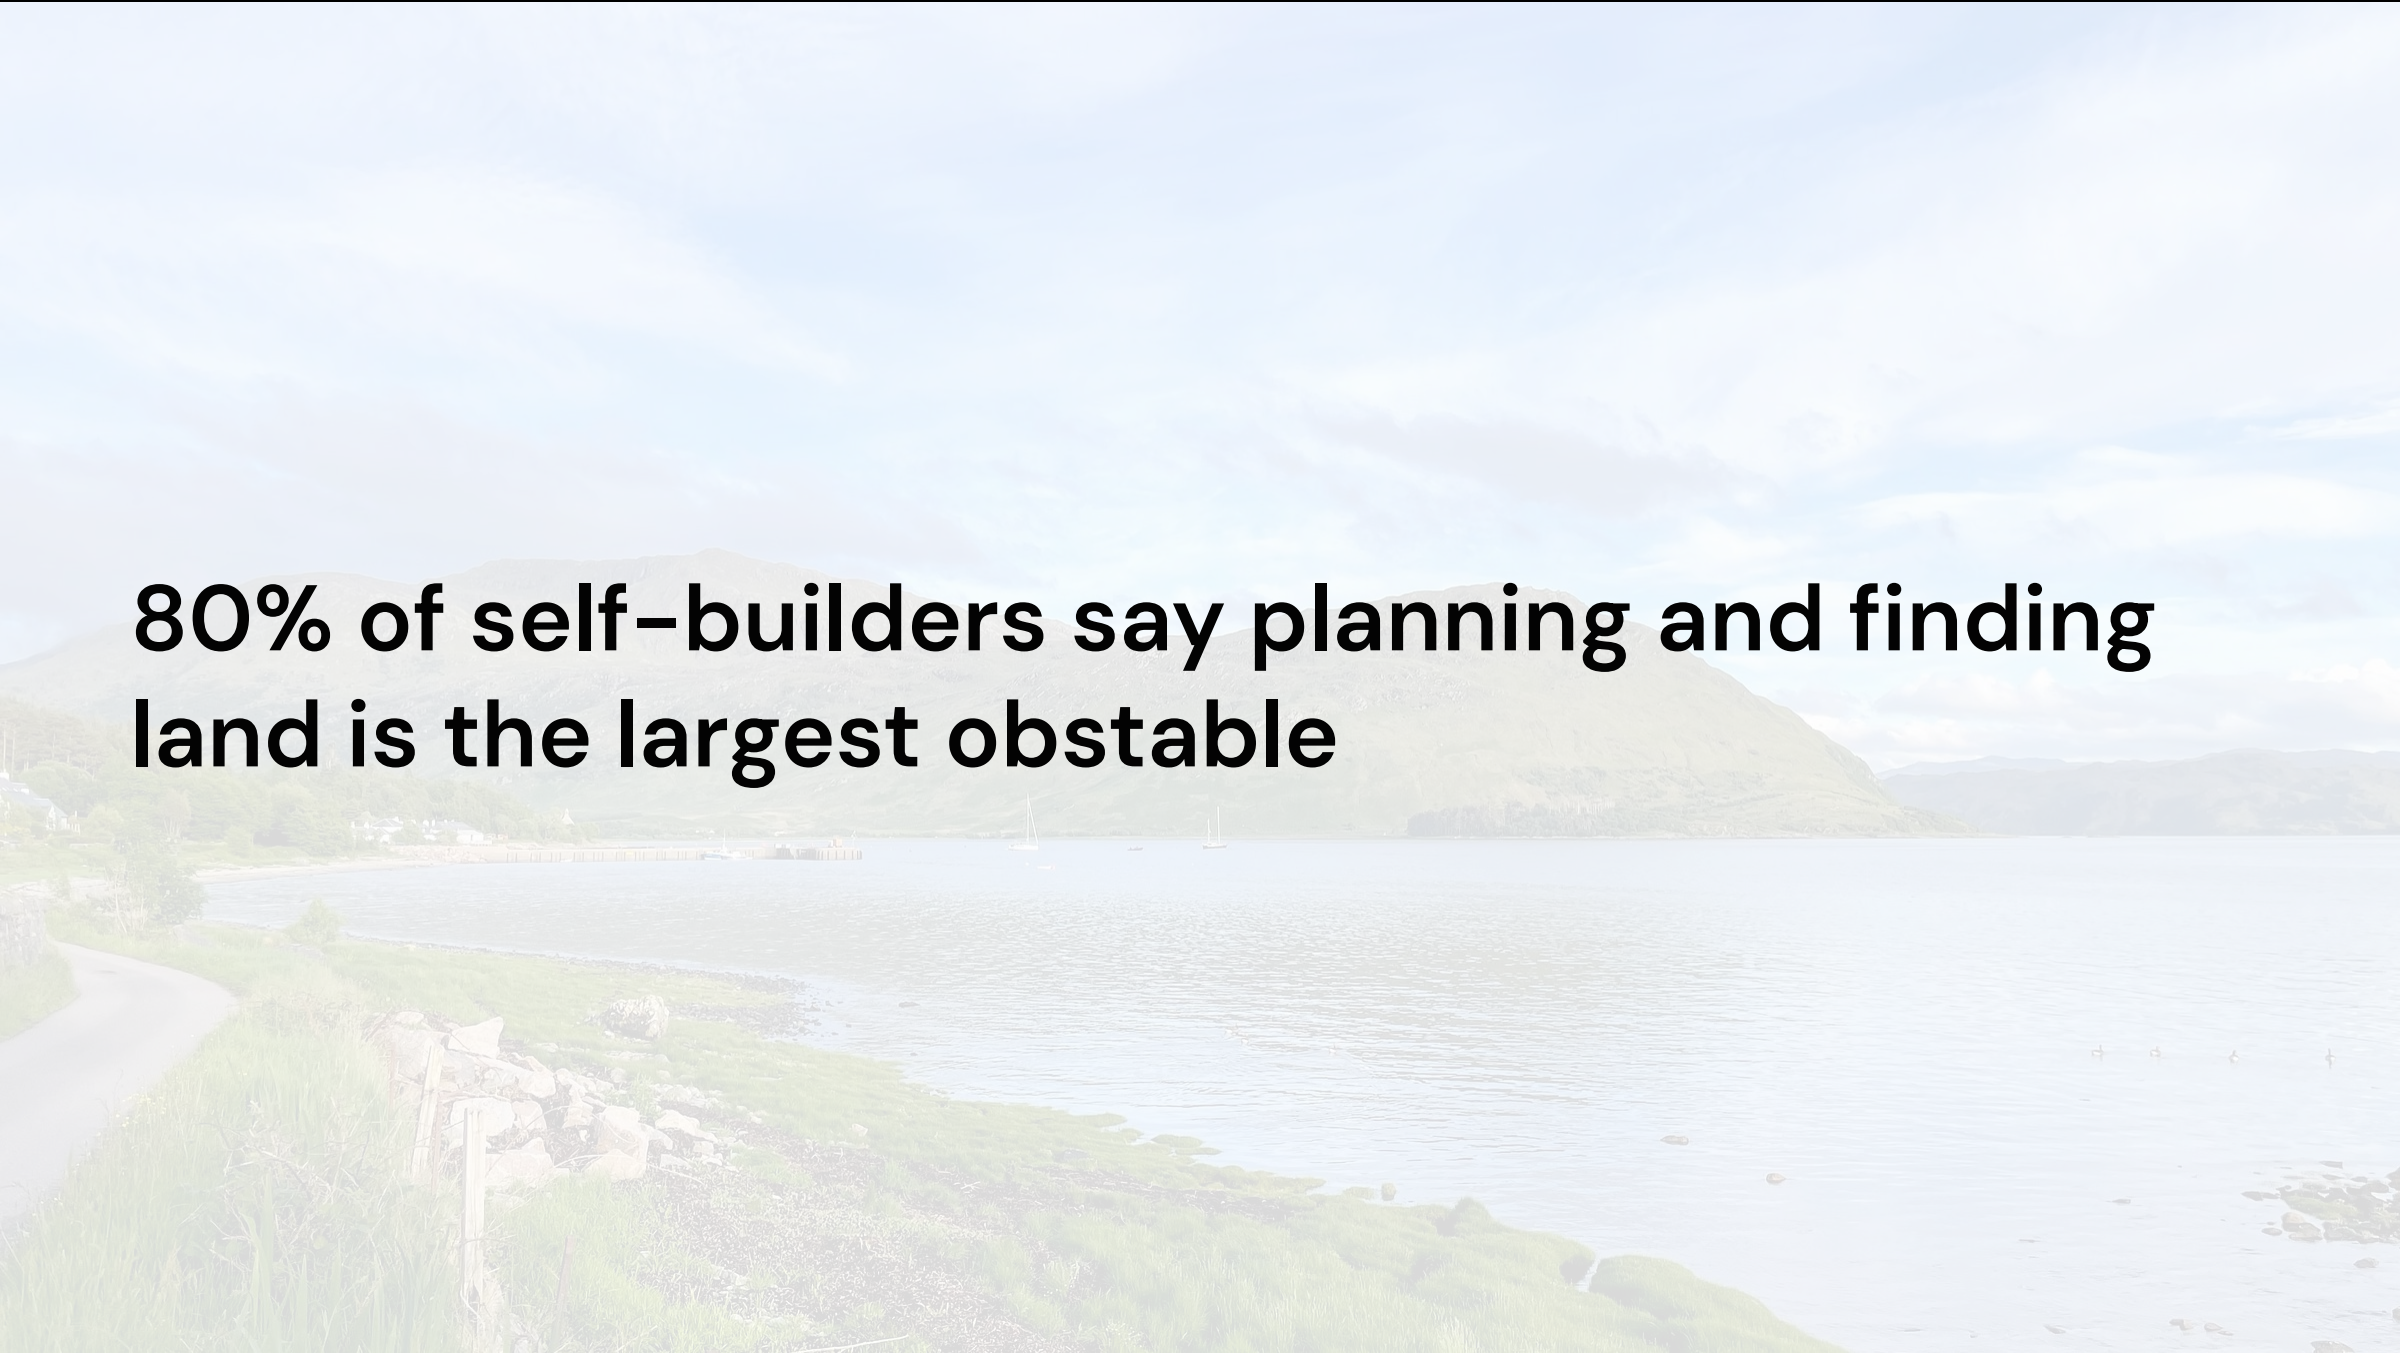

1 Unlock supply of land

help landowners quickly understand their development options

2 Accelerate approve

Automatically approve modest, low-impact builds. Barn conversions under new "Class Q" rules already show the potential—transforming disused spaces without taking new land.

80% of self-builders say planning and finding land is the largest obstable

Thank you!
