
The
King’s
Highway

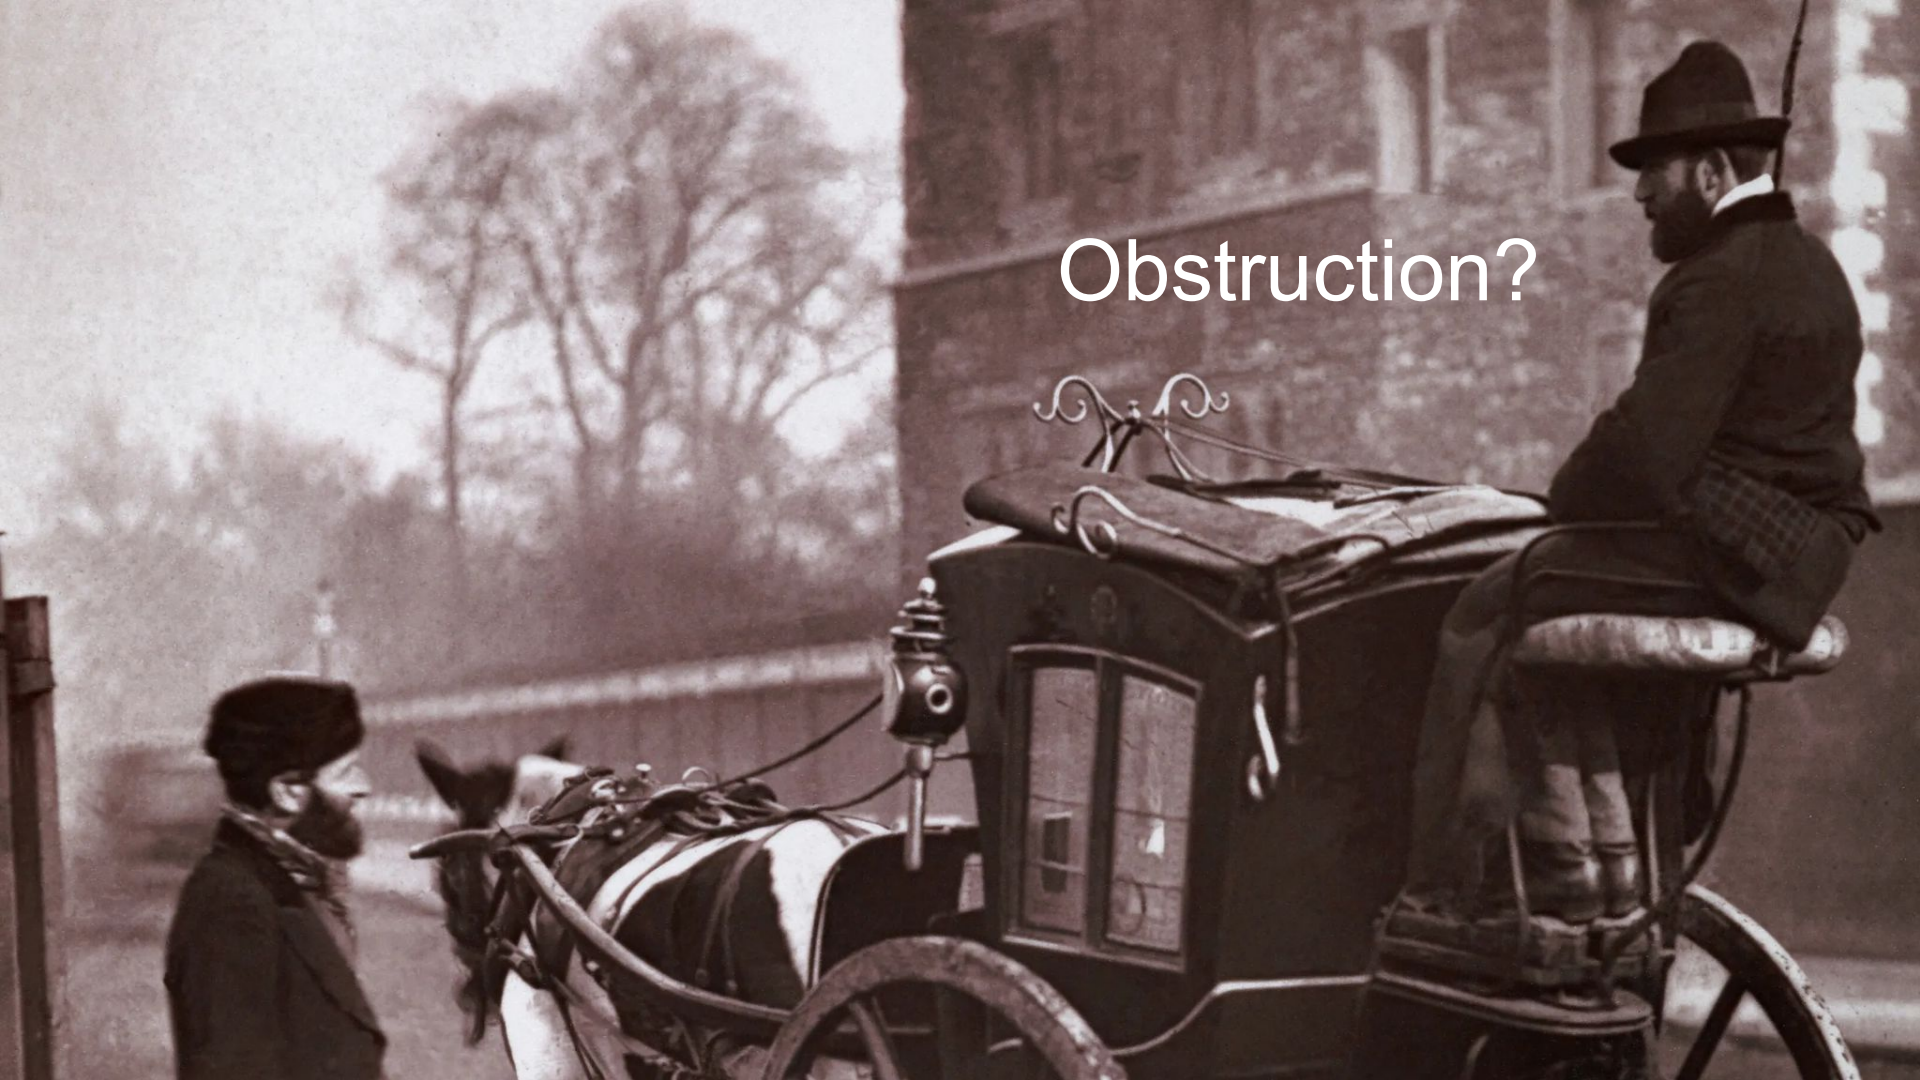

Cross Examination

VS

Every unauthorized obstruction of a highway to the annoyance of the King's subject is a nuisance. The King's Highway is not to be used as a stable yard.

So what's *my* answer?

To allow non-parking use of parking spaces, with a parking permit!

1. **Regulatory reform** - definition of "amenity" under the Highways Act
2. **Simplify the process** - so smaller (less-lawyered) actors can partake
3. **Set the right price** - parking (and non-parking) space should be available
