DEVELOPING DATA-LED INVESTIGATIONS ON OWNERSHIP AND RENT EXTRACTION

ABOUT THE WORKSHOPS

Are you a housing justice organiser wanting to use data to pick apart ownership and mechanisms of rent extraction, to support your organising efforts? Do you have an idea for a data-led investigation, but need some time, peer and expert support to help make it happen? Join us to take part in a series of workshops designed to help you progress your data-led investigations.

POWERING THE ENERGY TRANSITION: LANDEXPLORER X BIG SOLAR CO-OP

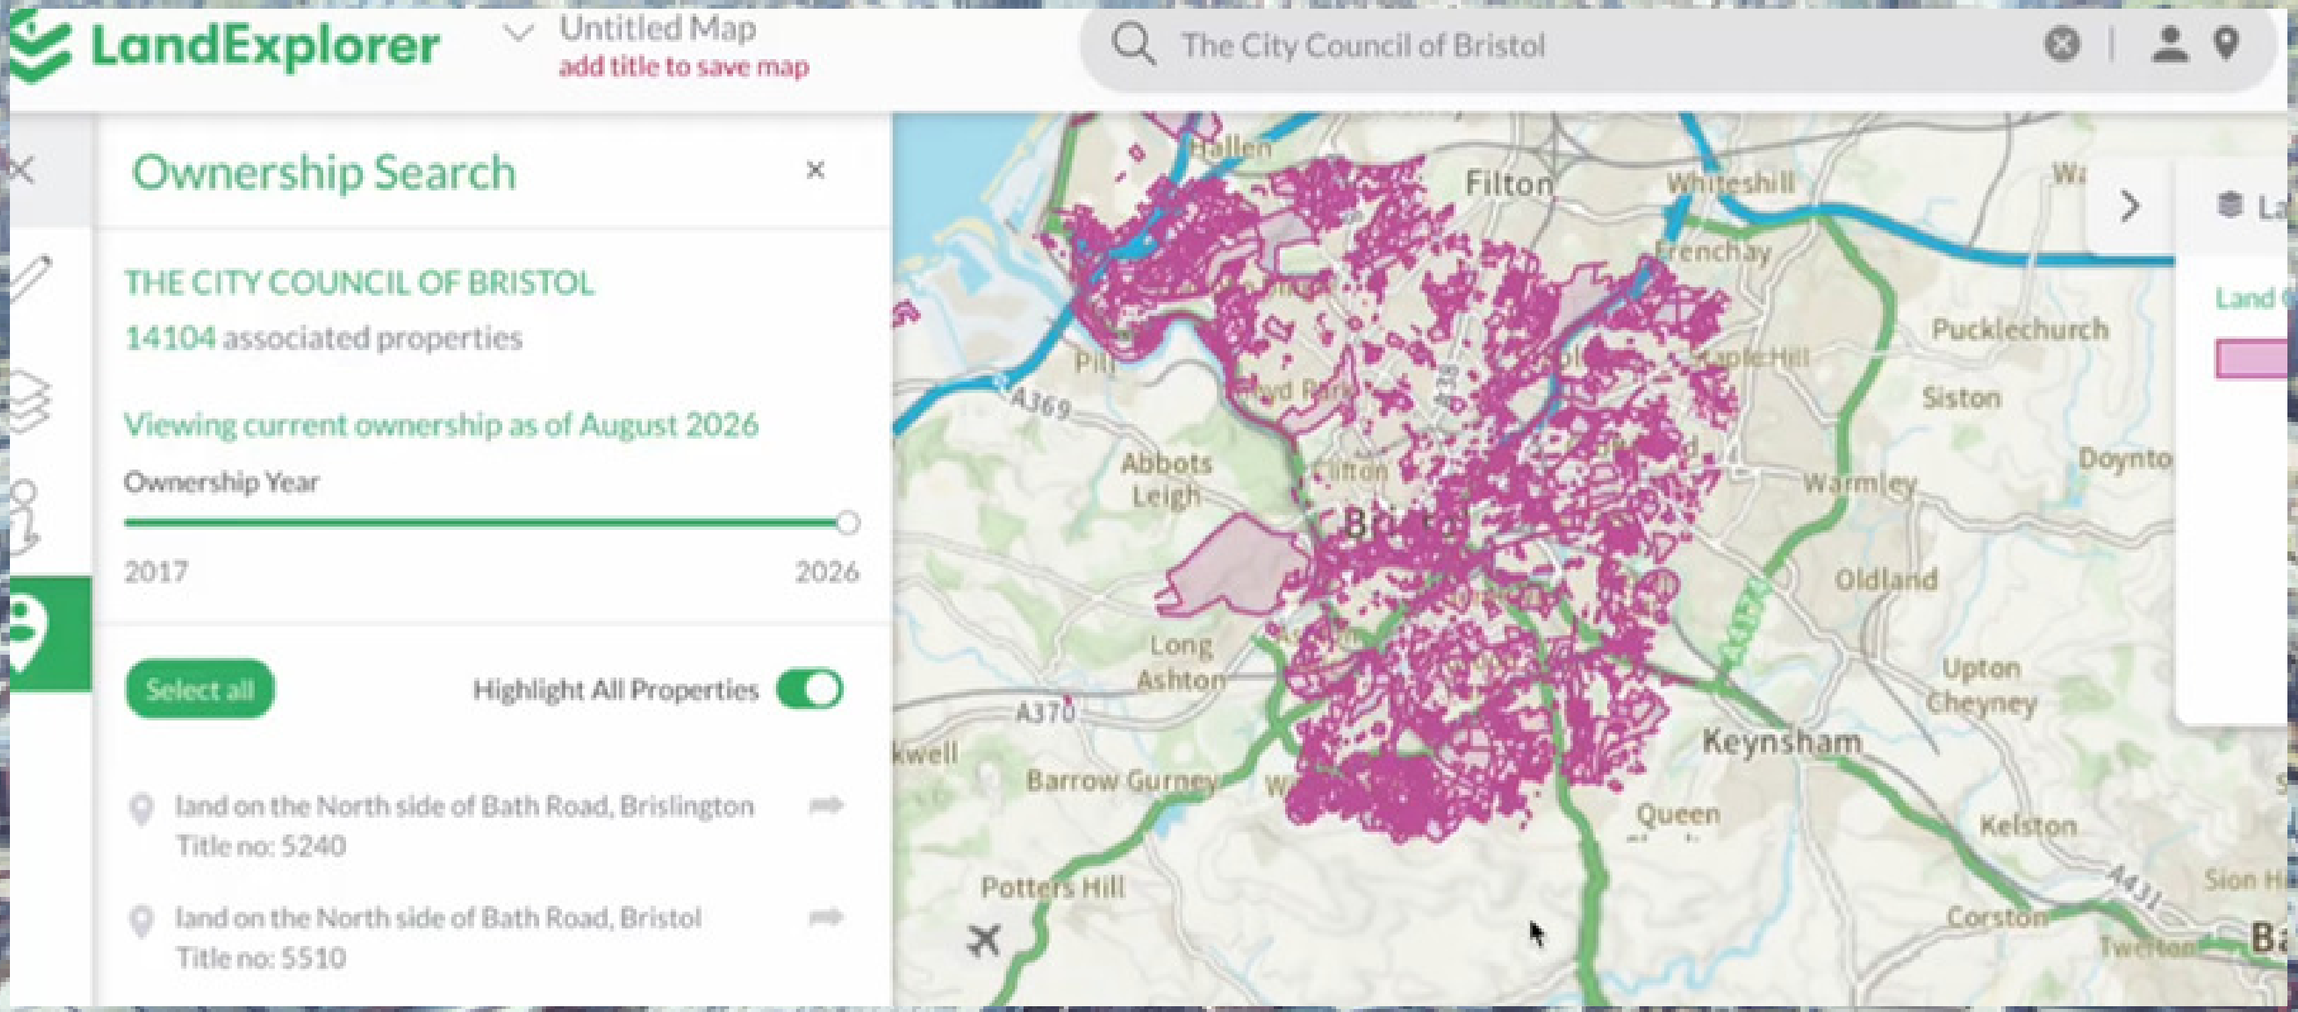

POWERING THE ENERGY TRANSITION: LANDEXPLORER X BIG SOLAR CO-OP

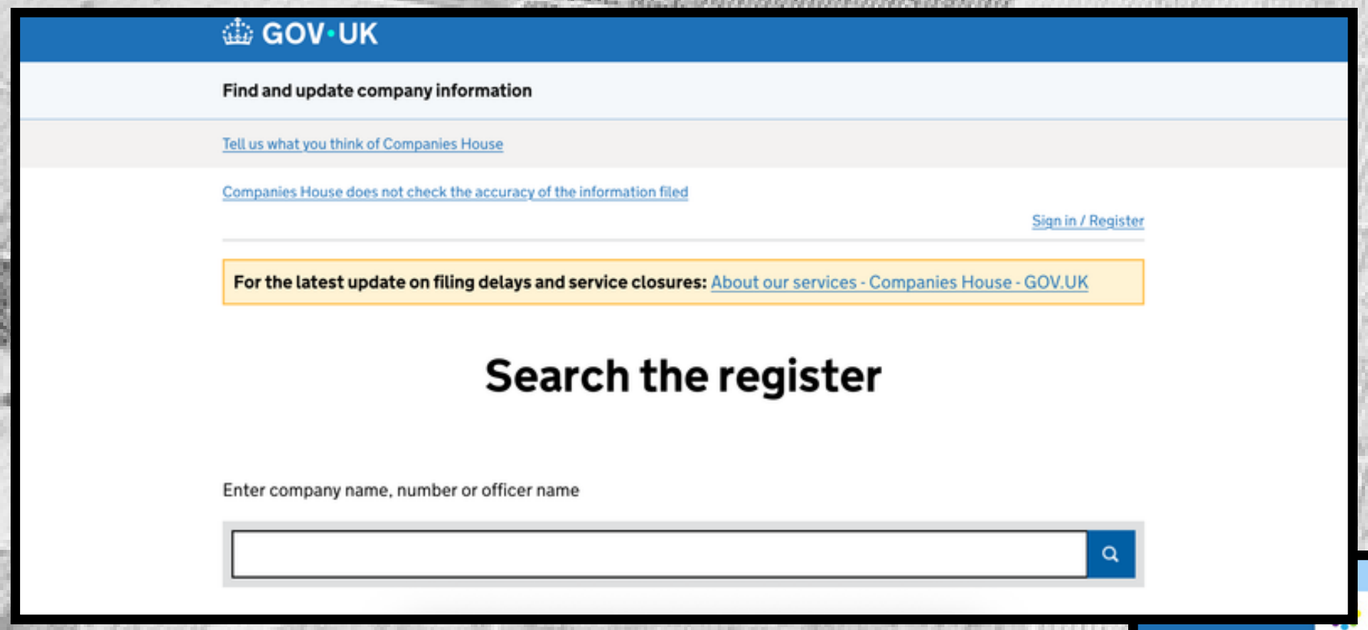

“I volunteer for Big Solar Coop whose mission is to put community-funded PV onto large existing roof spaces.

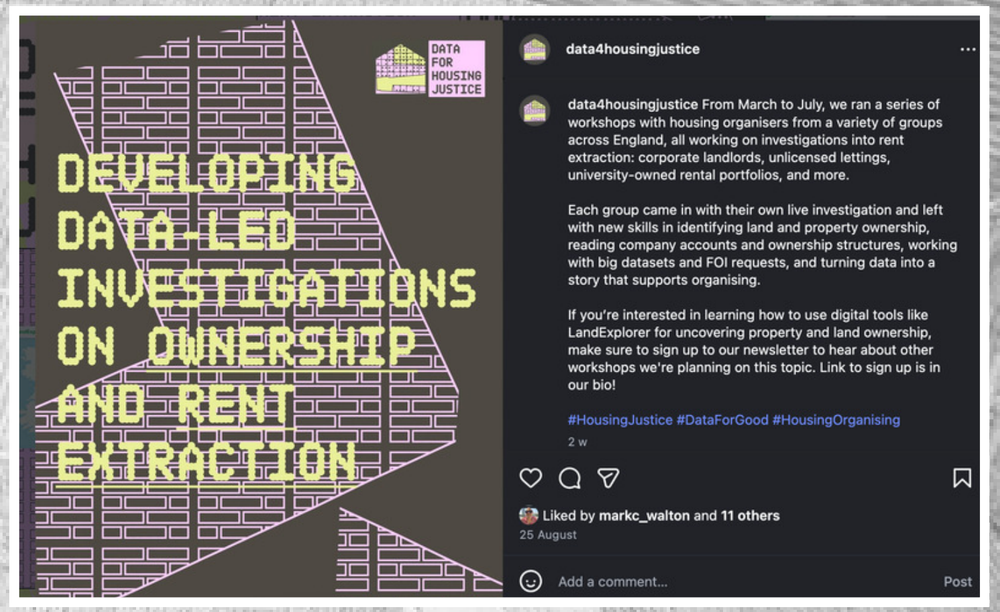

When I spot a suitable-looking building, I use LandExplorer to see who the owner and or renter is as part of a triage process.”
