
“Isolating, led by greediness of landlords, continuous struggle and battle”
“Finding our next home has become an ever more difficult, disempowering, and stressful process”

5 million private rented homes.
Dissatisfaction is more than other tenures.
Spend more on housing costs.

unaffordability,
disempowerment,
insecurity.

“community led housing is about
resident control
and belonging
... people can shape
what matters most to them
in their housing
within a supportive community”.

community led housing is
0.1% London
11% Berlin
20% Zurich
50% Vienna
and growing in Barcelona and Amsterdam

one-off, complex projects,
no track record, no capital
takes years

one-off organisations
assets ‘locked’ away.
debts paid-off, but no growth

Collective Ownership

Stable, affordable homes, controlled by residents, at scale.

a ‘tenure’ between home ownership, renting, and social housing.

The Collective Ownership Society is a “**co-op of co-ops**” and **not-for-profit investment vehicle**.

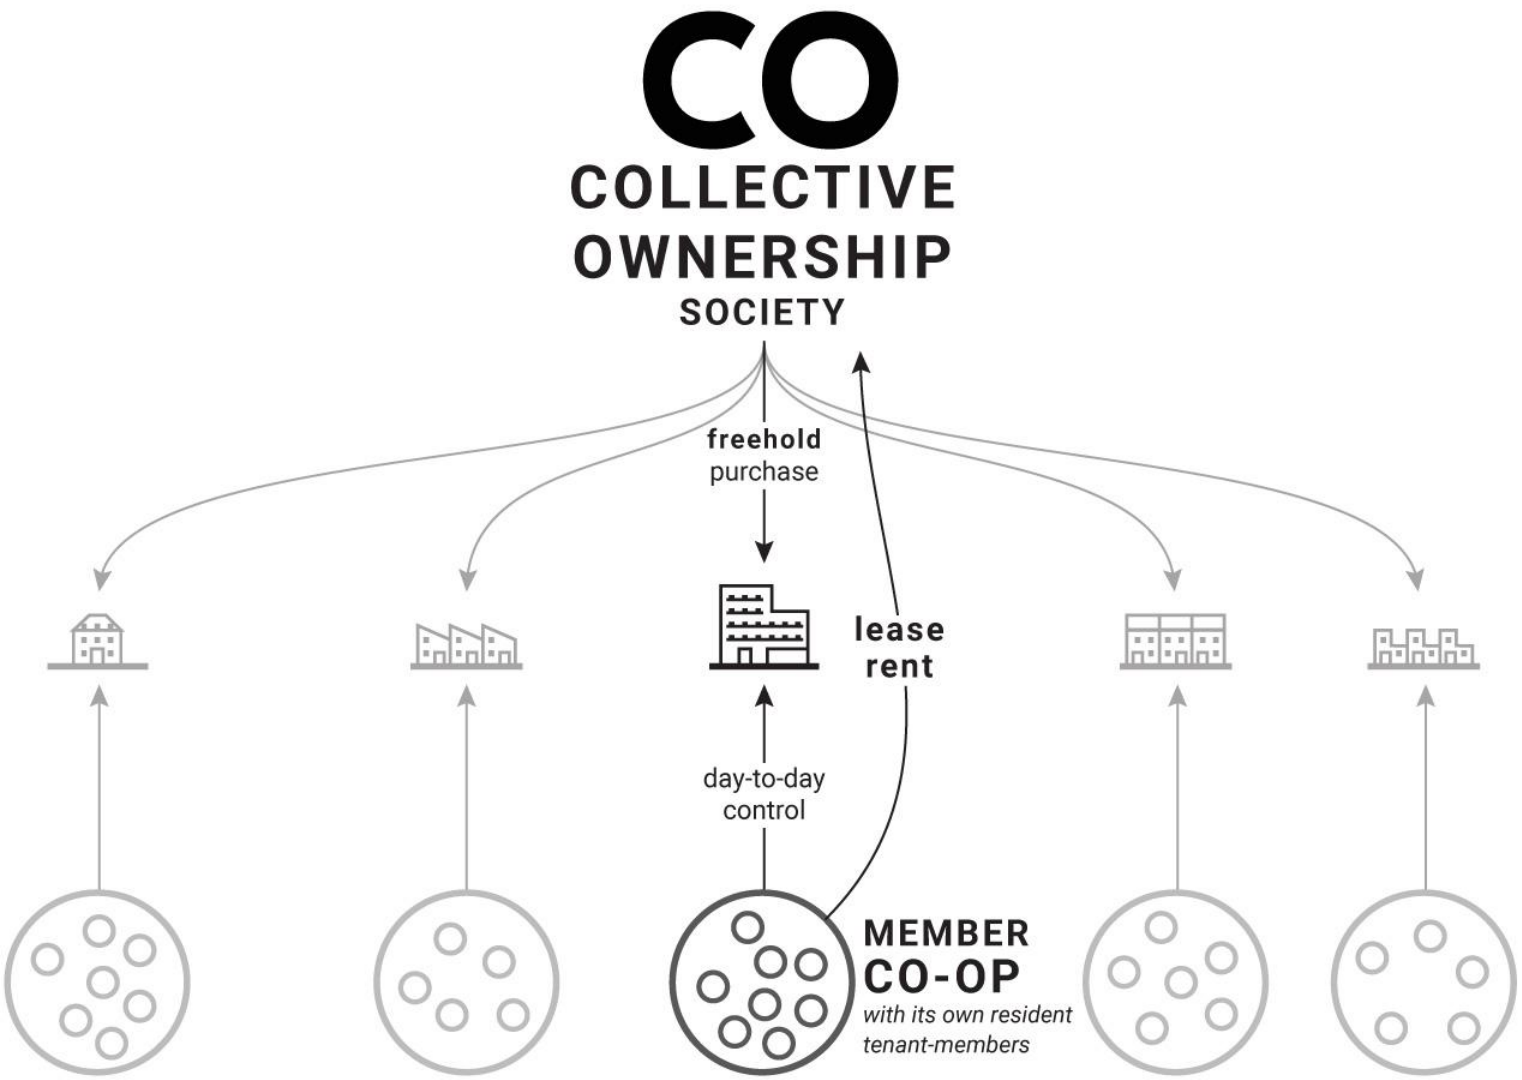

We lease properties to small housing co-ops, giving direct democratic **control of their lived experience**, with **stability** like home ownership.
